

TagFaster MF10 Visual Tags

TagFaster Visual Tags are the fastest way to tag lambs, goats and other small animals where electronic ID is not required. Presented in a 20-tag rack, 20 animals can be tagged without the need to reload applicators significantly - reducing tagging time and effort.

TagFaster is an excellent, lightweight identification option. The fine, yet strong, tag pin causes minimal tissue damage during application, promoting rapid ear healing and welfare.

Tag numbers are laser marked as per customer's indication with a black durable contrast. The tag is available in a wide range of colours and is ideal for official identification programs as well as herd management.

TagFaster Visual Tags are exclusively applied with the Z Tags TagFaster Automatic Applicator.

Technical Specifications

Product Name	TagFaster MF10 Visual Tag
Colours	Yellow, Orange, Red, Pink, Purple, White, Blue, Green, Light Green, Black, Light Purple, Brown, Grey
Dimensions	Open Tag L77 mm x W8 mm Closed Tag L40mm x 20mm Closed Tag Pin Length 6.7mm Pin Diameter 3.44mm
Weight (Individual Tag)	2.5g
Material	Nylon (Polyamide)
Technology	Visual
Working Frequency	N/A
Certificates	PAS66:2019
Reading Distance	N/A
Applicator	Z Tag TagFaster Automatic Applicator (800 0600-031) Z Tag Retractable (700 2200-108)
